38 SQ

NEW

Dehler  **38 SQ**

SQ Speed meets Quality

Since 1963 Dehler has been building sailing yachts that are the epitome of performance cruising and innovation. It is a very special yacht that continues this heritage. A yacht whose very name stands behind this tradition: the Dehler 38SQ.

Dehler  **38 SQ**

Fascination at first sight

Passion runs strongest when it is spontaneous – here it is awakened from the very first instant. Everything on the Dehler 38SQ is calling you to sail away. One look is enough to sense it: this is an elegant sports yacht, completely reinterpreted. And from the first miles sailed, its unique temperament will show you that every moment on board is special.

The yacht's sharp, distinctive lines lend her both presence and prestige.

Large, new hull windows accentuate her sporty character.

Contrasting window frames elegantly underline the bold design.

The new bowsprit gives a sense of extra dynamism and rounds off her capabilities to perfection.

Additional windows in the coachroof create a unique experience of bright daylight.

Easy to sail – hard to beat

The joy of sailing is at its most intense when every manoeuvre feels right. The design of the Dehler 38SQ plays a key role here. Everything is in the optimum position. Ergonomically shaped, thought out to the last detail. Built to such high quality that every glance confirms it. And designed in a style that perfectly complements the yacht's impressive appearance.

Every line works in harmony

Magnetic attraction from any angle. The coachroof sweeps aerodynamically above the deck, with an extra saloon window on each side. The new bathing platform is also an eye-catcher: with its flush-mounted bathing ladder, ergonomic treads and the handrail, it confidently combines aesthetics and comfort. Footrests that can be lowered at both helm stations are also built flush into the cockpit floor.

You deserve the sailing lifestyle

Time spent on your own sailing yacht is special. Whether it is a regatta weekend or a holiday cruise, it belongs to an exclusive private world. Leave the everyday behind and step into a lifestyle where you set the boundaries and create the tone.

From its hand-laid teak decks, gleaming stainless-steel work and hi-tech carbon, the Dehler 38SQ projects your uncompromising vision. Its huge cockpit plays host to your dreams, from fully-crewed race action to elegant family meals in a wild anchorage. Here, you live out your version of luxury.

berth cabins

Time to make a personal statement

Comfort, storage, space. Large or small crew. The interior of the Dehler 38SQ adapts to your individual lifestyle. Choose your interior from a variety of possible cabin layouts. Pick an island bed in the owner's cabin or perhaps a second guest cabin aft. Your personal taste defines the character of your Dehler.

Dehler Connect

Intuitive. Innovative. Intelligent.

Security, comfort, entertainment. Through advanced networking.
With Dehler Connect you get the latest digital connectivity directly on your yacht. At the touch of a button. Individually tailored to you.

The MyDehler Sound Theatre brings high-end entertainment to the waves. The system, developed especially for yachts, masters all marine conditions with ease.

The MyDehler Safety Cloud enables real-time monitoring of your Dehler: anytime, anywhere, simply via the app. Protect your precious yacht remotely, as if you lived on board. You can organise maintenance and service with unprecedented ease. Thanks to the electronic logbook, a smartphone is all you need to share your sailing experiences with others. In short: this system will add a whole new dimension to your sailing passion.*

Real-time monitoring. Check the current status of all components or any faults on your Dehler. Any time, any place.

Electronic logbook. MyDehler Safety Cloud records the passage for you using GPS tracking, including data like boat and wind speed.

Yacht insurance. Always in reach, always safe: Pantaenius offers protection for you as a skipper, your crew and of course your Dehler, including engine and equipment.

Digital service booklet. The system automatically monitors all maintenance intervals, and allows you to arrange servicing at the touch of a button.

Brilliant audio. High-end on-board entertainment inspires with impressive, richly nuanced sounds – even in the cockpit.

Intuitive wireless control. Control the audio system via touchscreen - from the chartplotter or optionally from your smartphone.

Manuals

All manuals and instructions within one app.

Live report

Direct contact to your dealer for quick help.

Control

Operate your electronic devices by remote control.

Position

Track your position in real time.

Sensors

Monitor your charge levels and devices.

Alarms

Push notifications on current events.
