RYCK 280

A REAL MULTITALENT

Whatever you intend to do with your RYCK – there are options to suit every owner. Each boat is individually tailored to you, with all its features chosen in advance. However, to make the choice a little easier, we have worked out configurations to suit the different uses for a RYCK 280: SPEED & PERFORMANCE, CRUISE & SWIM, DIVE & CLIMB, FISH & BARBECUE, TRIPS & WEEKEND and SURF & FUN. It means that the possibilities of a RYCK 280 run from adrenaline-fuelled diving trips and offshore fishing excursions to a cosy weekend anchored in the bay. No matter how you use your RYCK 280, there is a solution for every owner.

Top Highlights

1 SUN LOUNGE

Sun worshippers get their money's worth on the RYCK 280. You can either choose the large sunpad at the bow or convert the cockpit seating into a sunbathing area. Sun sails are available to shade both areas.

2 COCKPIT

The RYCK 280 has the largest stepless cockpit in its class. Every feature can be reached comfortably and directly – be it the engine, the refrigerator, the anchor gear or the helm station. In addition, the cockpit can be converted in no time at all – the seating area in the stern can be turned into a large sun lounger in just a few steps. Plenty of storage space - under the bench and table, for example – accommodates your gear; additional refrigerators are also available.

3 HELM STATION

A RYCK 280 is controlled by a state-of-the-art touchscreen. Glass bridge technology makes it easy to operate all features and provides a quick overview of battery levels and key operating data. The RYCK 280 is comfortable to drive, both sitting and standing, with ample arm and legroom.

4 WET BAR

Want to prepare a freshly caught fish or plan a romantic candlelight dinner in the anchorage? The wet bar of the RYCK 280 can be equipped with either a gas grill and sink or a two-burner gas cooker plus sink.

5 WALKAROUND

On a RYCK you can easily reach every corner thanks to the walkaround decks. Especially when manoeuvring, the wide, all-round running deck is a great advantage. The high freeboard and the additional guardrail also offer maximum safety in all conditions – especially for the smallest crew members.

Top Highlights

6 PROPULSION

The RYCK 280 can be configured in terms of speed, as there are three different engines to choose from - from 250 to 350hp. Even speed freaks will be blown away with the most powerful outboard option, which turns the RYCK 280 into a muscular speedboat.

7 SPORTS EQUIPMENT

For anglers and waterskiers, the RYCK 280 can also be equipped with rod holders or a tow bar, so that nothing stands in the way of a fishing trip or an adrenaline kick behind the boat.

8 T-TOP

Available in black or white, the T-top gives the RYCK an even cooler look and provides handy shade from the full sun. Equipped with spotlights, it illuminates the deck in the dark.

9 LIGHTING

Switch on the underwater lighting, and the RYCK 280 becomes an atmospheric lounge in the evening. In the anchorage or even in the marina, you will find yourself aboard a real eye-catcher.

10 HULL

The stepped hull with reverse bow not only looks sleek, but also sits extremely well in the water. It guarantees high speeds and excellent seakeeping, even in rough seas. The sporty design is carried through the coach roof, so that the silhouette of a RYCK 280 delivers on the promise made by its outboards.

11 BOWSPRIT

Anchor manoeuvres are child's play with the RYCK 280. The bowsprit allows you to drop the hook well clear of the hull, avoiding the risk of damage. An optional electric windlass lets you conserve your strength. What's more, the bowsprit offers an easy way of climbing ashore.

PUSH THE LIMITS OF PURE JOY

Those who like to drive a little faster on the road will love this speedboat. Equipped with a 350hp Mercury outboard, the Speed & Performance RYCK 280 is the fastest RYCK variant. It promises fast passage times – to the next restaurant, perhaps, or to a beautiful anchorage for a sundowner. A 300-litre fuel tank ensures a very good range even at top speed, and the ergonomic windscreen provides excellent wind protection at full speed. Once you've had enough adrenaline and cut the revs, sit in the cockpit and enjoy the sound of the entertainment package in the cockpit lounge.

MAKE SELECTION AND POWER UP

@RYCKYACHTS

CRUISE & SWIM SELECTION

ENJOY THE ELEMENT OF INSPIRATION

This RYCK 280 is the best choice if you like driving an open boat into the next bay, setting the anchor using the electric windlass and making the most of the sun and the water. A 300 hp outboard motor is mounted between the two bathing platforms, where a telescopic bathing ladder makes it easy to get in and out. A deck shower rinses the salt off your skin afterwards. When it comes to relaxing, there are particularly generous sunbathing areas. On the foredeck is a sunpad with drink holders and backrest – ample for two guests; and in the cockpit there is another large sun lounger.

TRIPS & WEEKENDS

SELECTION

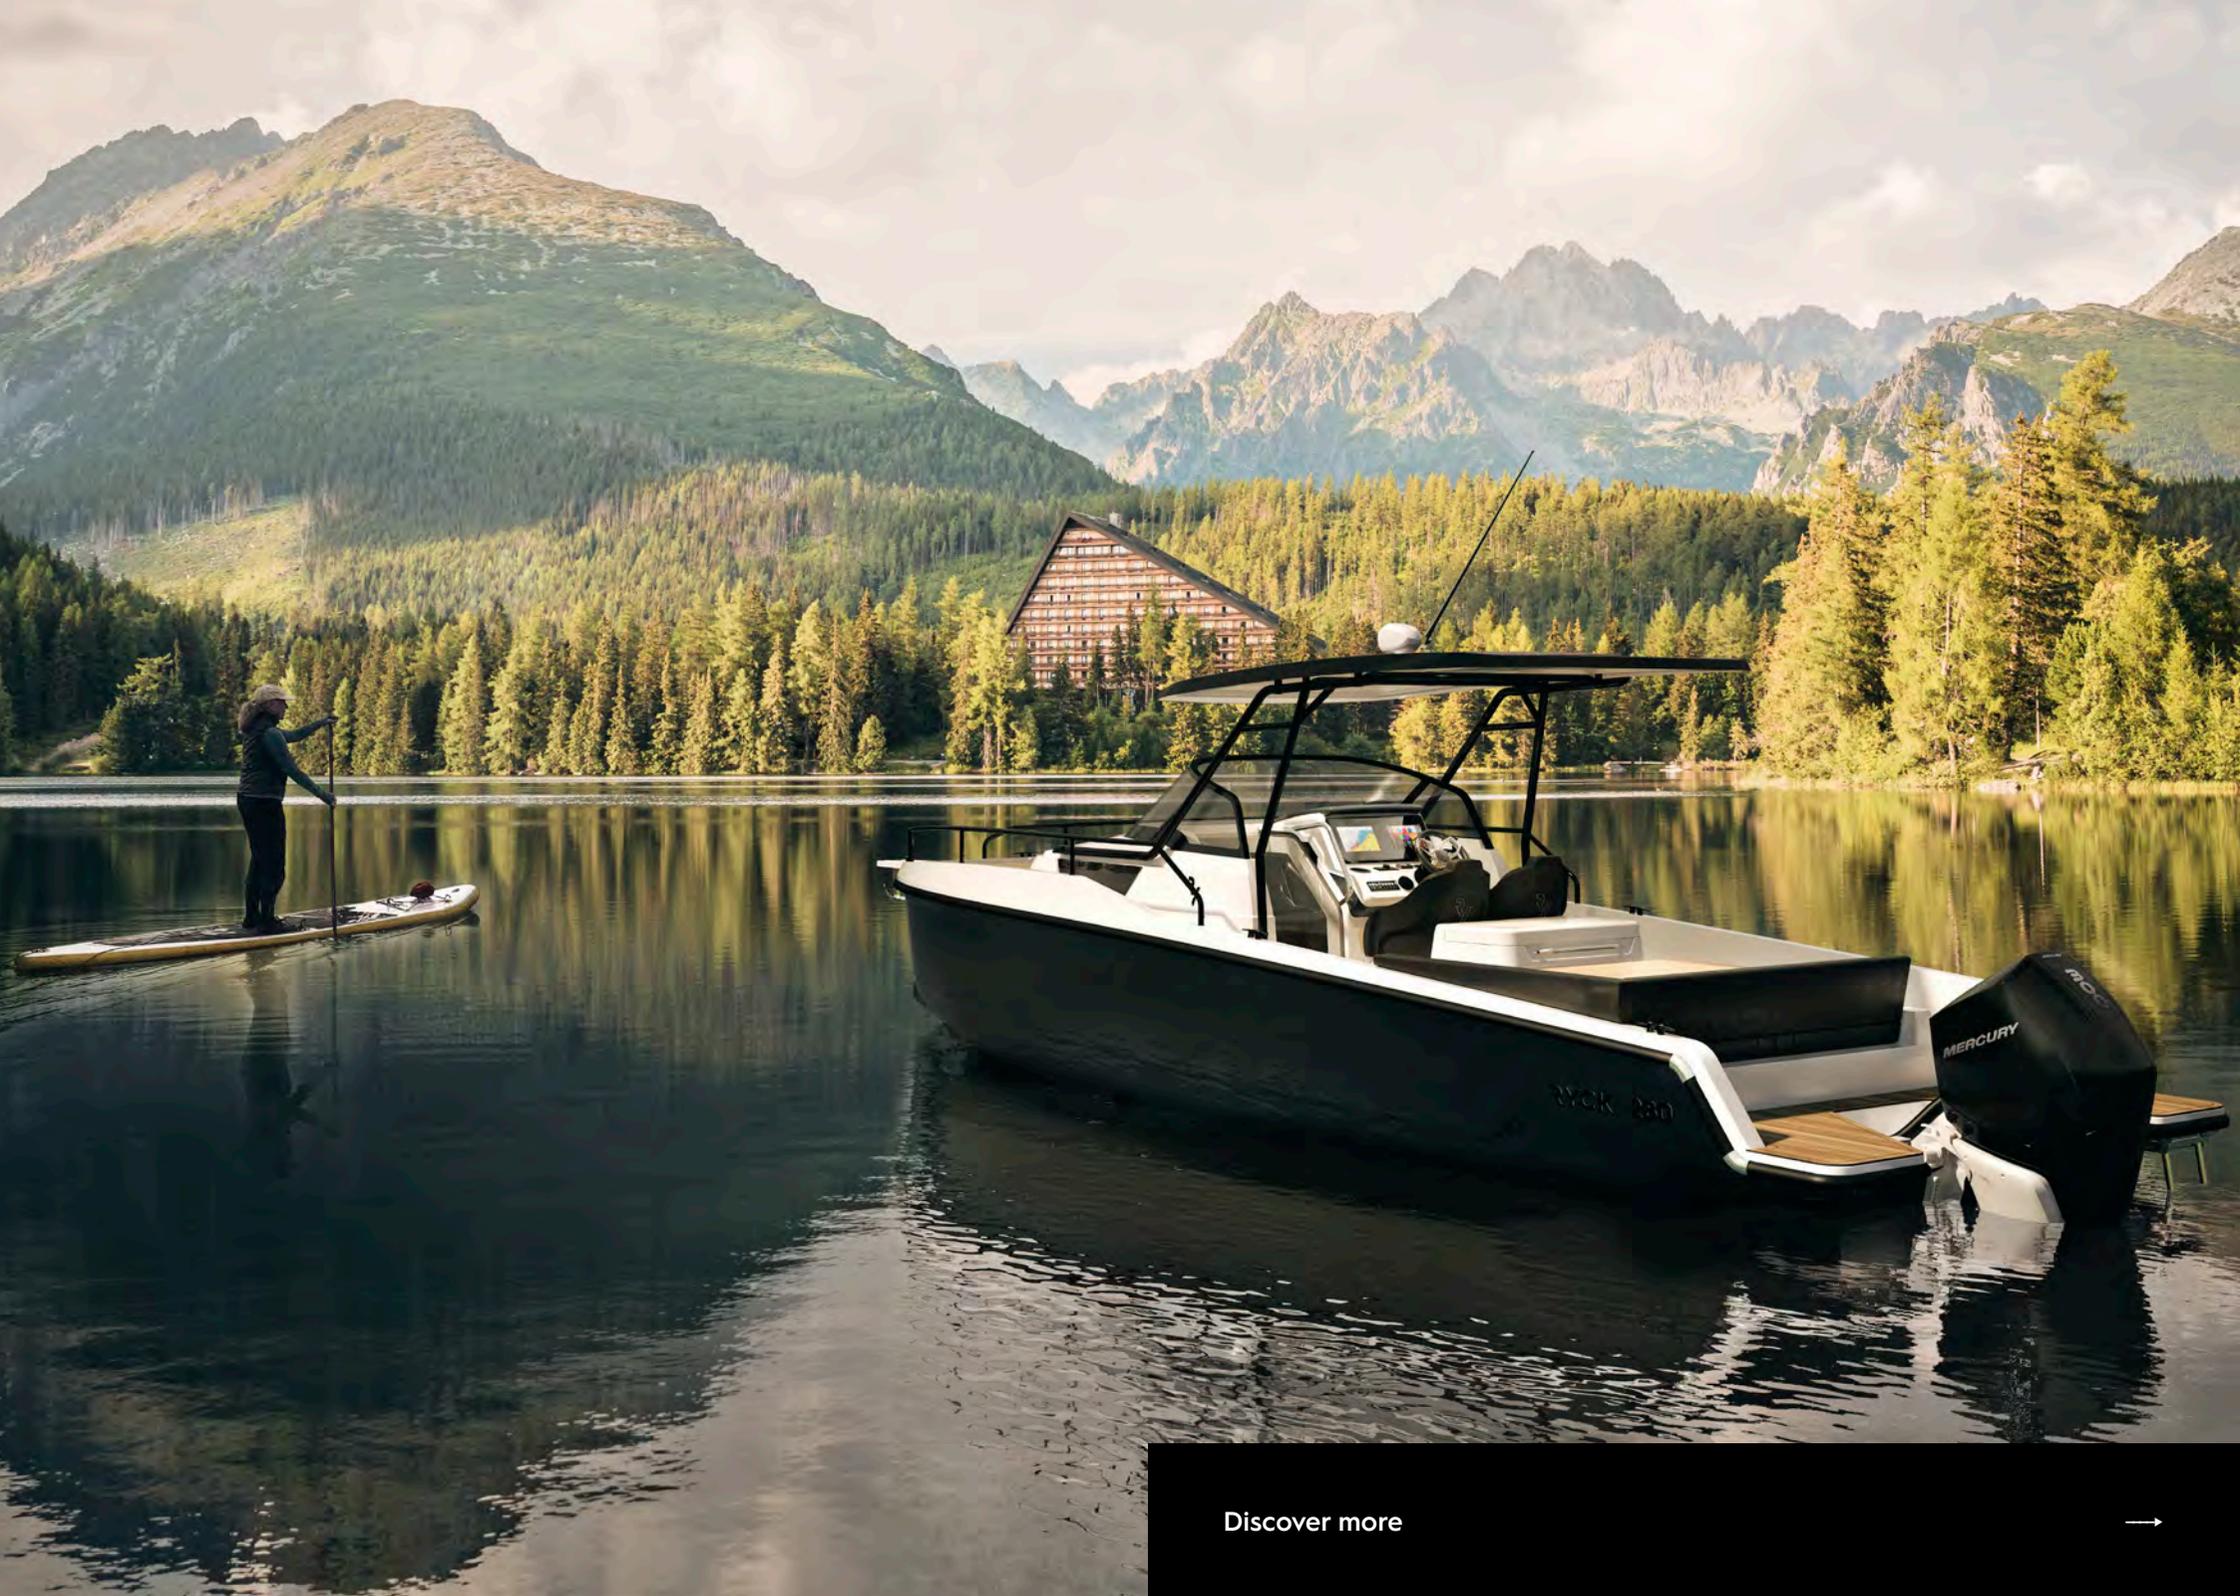

DISCOVER NEW WAYS TO SEE THE WORLD

Simply switch off for a few days and enjoy a change of scenery - the Trips & Weekends RYCK 280 is made for exactly that. Explore beautiful coastlines, varied river landscapes or interesting waterside cities as a couple, with family or friends. After all, the RYCK 280 is trailerable, so you can be very flexible in your choice of cruising grounds. Below deck, you can settle into a comfortable, fully equipped cabin with a king-size bed, ample storage space and a separate, generously sized wet room. Underwater lighting, an entertainment system and a teak deck are among the features of this very fully specced RYCK 280.

START TO PLAY BIG TIME

There are endless ways to enjoy time on the water, but for those who enjoy adrenaline sports, the Surf & Fun RYCK 280 is perfect, with its particularly stylish exterior look. It takes waterskis, wakeboards and other toys, includes a tow bar and, above all, enough power to really get you going astern. If you want to pick it up the next morning, just drop anchor for the night using the electric windlass and anchor arm, then head below to rest in the double bed. Because even the most active Surf & Fun owner needs to relax sometimes.

GET A TASTE OF THE FINEST SPOTS

Thrill of the hunt and a love of nature - if this describes you, our Fish & Barbecue RYCK 280 is just right. It is designed for anglers who want to enjoy their catch on board to round off the day. To ensure that the fishing trip is a success, there are numerous stowage options on board for gear, built-in rod holders and the walkaround principle allows for easy, safe movement around the deck. An anchor can keep the RYCK 280 in position over the fishing grounds, or secure the boat while you cook your catch using the on-board barbecue in the evening.

@RYCKYACHTS

EXPLORE THE SEA ABOVE AND BELOW

Many of the best rock faces and dive sites are not on your doorstep – but they are within easy reach in the RYCK 280. The layout of the Dive & Climb RYCK 280 is specially designed for those water sports enthusiasts with the soul of an adventurer. In this configuration, the cabin is deliberately not fitted out, so that the lower deck can be used to store extensive equipment. And you can reach the best diving or climbing spots unerringly with the help of the modern navigation electronics in the glass bridge. So not a minute of your valuable free time is lost.

YOUR RYCK IN FOCUS

The MyRYCK Safety Cloud app connects you directly with your RYCK 280 at all times. Your digital possibilities are enormous.

Sensors

Continuous monitoring of battery charge and tank levels

Insurance

Tailor-made insurance offers from Pantaenius are available via the app

Report Issue

Direct contact with the dealer for any questions, via chat function

Remote switching

Turn the yacht's lights on or off via smartphone

Shop & Parts

Feature for ordering equipment, supplies and spare parts

Maintenance

Service intervals are digitally stored and saved in the service history

Alerts

Alarms for battery, bilge, shore power, anchor, collision or theft

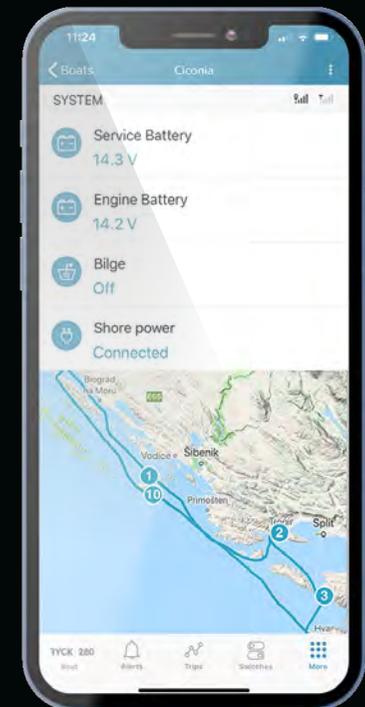

Trips

Automatic, digital logbook for every mile travelled

Manuals

Manuals and instructions for all components are stored electronically

With innovative functions such as BoatMonitoring, eLogBook and eServiceBook, you can seamlessly monitor your RYCK 280, automatically keep a logbook or check service intervals. For example, you can use your smartphone to check the charge status of the batteries as well as the water or fuel tank levels. You can also see on your mobile phone whether the RYCK 280 has moved. Push notifications mean that you do not have to keep checking the app for updates.

EXTRAORDINARILY SPACIOUS BELOW DECK

Stylish cabin with top fittings

Below deck on the RYCK 280 is a luxurious, light-flooded cabin with a king-size bed, ample storage space and a bathroom. The raised foredeck gives the interior an extremely airy and voluminous feel that is unrivalled in this size bracket. Designer Bill Dixon also created a modern, stylish interior in which you immediately feel at home and settle into the holiday mood. Another highlight is the very large bathroom with good headroom, which can be used in complete privacy. A large window keeps the space ventilated. The cabin makes the RYCK 280 a fully-fledged weekender that is perfect for longer cruises.

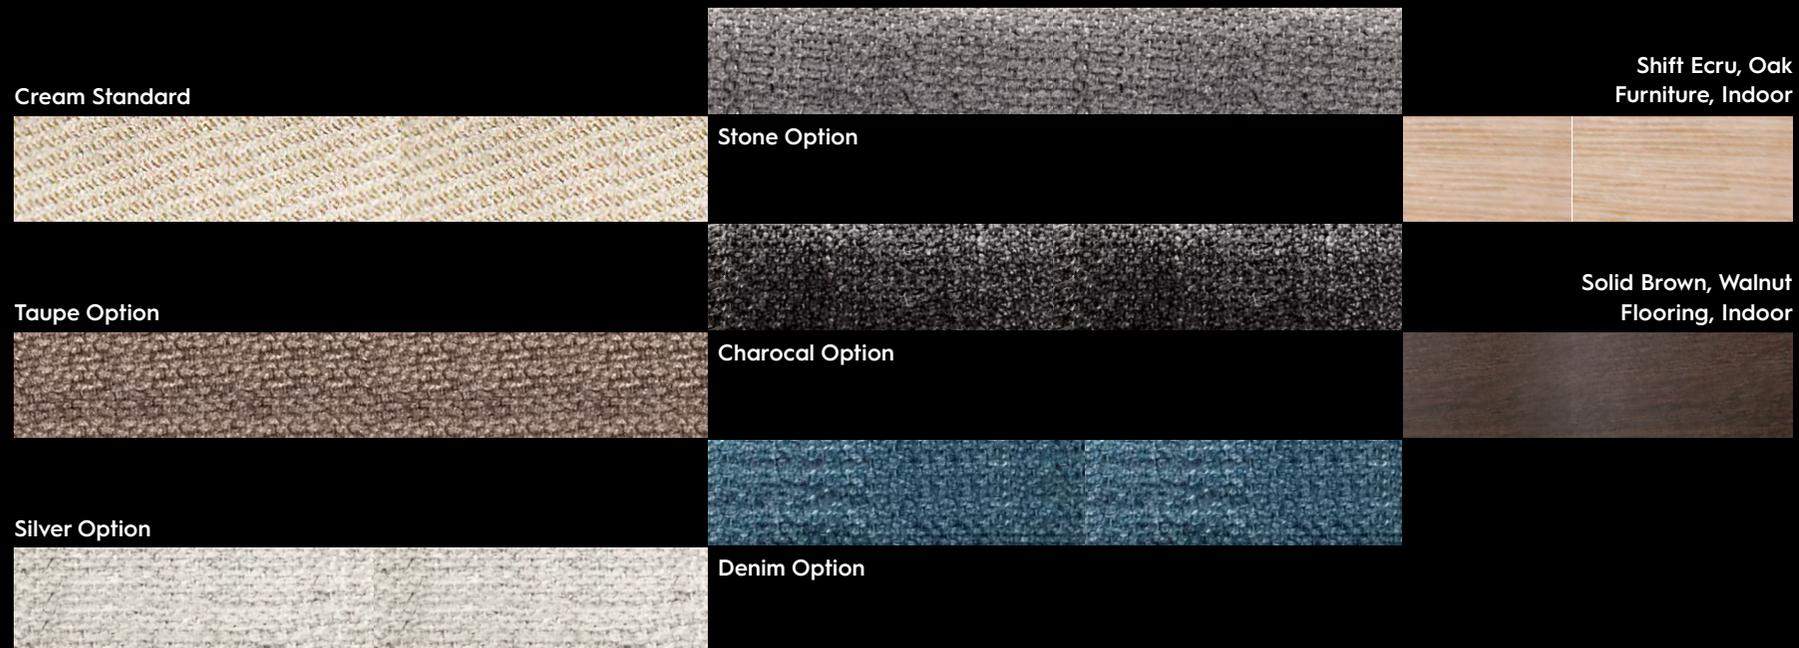

Top Highlights

- ▶ very spacious cabin with king-size bed
